SRCD is dedicated to advancing the developmental sciences and promoting the use of developmental research to improve human lives. The **SRCD Impact Fund** is the primary way that members can financially support this mission. The fund supports programs and initiatives that stimulate cutting-edge research, foster diversity in all its forms, and promote translation of and communication about the work of its members to policy makers, practitioners, and the public.

If you choose, you can also direct your donation specifically to **SRCD's Diversity and Inclusion Initiatives**. SRCD Diversity and Inclusion Initiatives include the *Towards 2044: Horowitz Early Career Scholars Program*, the annual *Child Development in a Diverse Majority Society Lecture Series*, and the *Scholar Development Program*. Your donation will be made in memory of Frances Degen Horowitz.
