Established in 2008 by the Student and Early Career Council, the SECC Dissertation Research Funding Awards—up to ten non-renewable awards in the amount of \$2,000—are given for dissertation research proposals that merit special recognition and display the strong potential to contribute to the field of child development. Submissions should be in the proposal stage (i.e., not completed), and money is to be used for research costs or professional development related to the proposed dissertation project.
