When?
WEDNESDAY, APRIL 7, 2021 8:00AM TO FRIDAY, APRIL 9, 2021 6:00PM

Where?
SRCD21 Virtual Biennial Platform

Program Co-Chairs
Ellen E. Pinderhughes, Tufts University and Nim Tottenham, Columbia University

Code of Conduct
Review the SRCD Code of Conduct
Thank you for attending SRCD21!

Registrants are able to access recordings of presentations (including invited, submitted, and professional development sessions) and posters until **July 15, 2021, 11:59pm EDT**. For posters, visitors will also be able to use the “Contact Author” button to either send poster presenters a comment or request to schedule a live session (via video or chat).

**Rescheduled Poster Sessions: May 11 - 13, 2021**

In an effort to ensure that authors who were unable to present due to technical difficulties during poster sessions 01, 02, and 03 have an opportunity to do so, SRCD is holding a series of post-Biennial virtual Poster
Sessions dedicated to this purpose. **Registration is being offered at a reduced rate** to those who would like access to these rescheduled poster sessions and other materials (including all live sessions, pre-recorded presentations, and posters) from the 2021 Virtual Biennial Meeting.

**About SRCD and its Biennial Meetings.** The Society for Research in Child Development (SRCD) is an international, multidisciplinary, nonprofit professional association whose primary goal is to promote the understanding of child development through research and dissemination. Members conduct theoretical studies, basic and applied research, and policy analyses to understand and enhance child development. Since the first meeting held in 1934, SRCD has hosted a biennial meeting on odd numbered years for its members and the developmental science community at large. Through its biennial meetings, which draw attendees from countries throughout the world, SRCD strives to meet the goal of understanding child development through research while serving as a network and forum for its members and attendees, as stated in **SRCD's strategic goals**. Members and attendees include professionals and graduate students in psychology, human development, family studies, education, public policy, sociology, social work, psychiatry, pediatrics, and public health. Attendance at the biennial meetings averages 6,500.
