

Social Policy Report Briefs

SRCD's policy staff brings the science of child development to public policy and practice audiences through the production of the quarterly *Social Policy Report Brief* and other policy briefs.

Each *Social Policy Report Brief* provides a brief summary of a longer *Social Policy Report*, and other briefs summarize articles in special sections and issues of *Child Development*.

SRCD policy briefs are a resource for SRCD members deciding which *Social Policy Reports* to read in greater depth, and have been used in coursework to provide examples of summaries of research for policy audiences. If you are not a SRCD member and would like to receive SRCD policy briefs by email, contact: policy@srcd.org.
