SRCD Policy Internship

Are you interested in learning how to build connections between research and policy to improve lives? The Society for Research in Child Development (SRCD) is seeking a policy intern **starting September 1**. The intern will work directly with the Policy Team to (1) support the production of policy-related products, events, and activities, (2) support the dissemination of policy-related products to key policy stakeholders, and (3) support SRCD's policy-related programs and initiatives. Each internship will include a core set of duties and responsibilities, with the possibility of individualizing internship activities to meet the learning interests of the intern. The successful candidate will work directly with the Policy Team to achieve these goals.

This is a part-time internship that will include approximately 10 to 20 hours per week for a term (e.g., September 1 – December 15), with the opportunity to extend the internship one additional term (e.g., January 1 – May 15 or June 1 – August 15). Candidates who express interest in two term internships are preferred. Each internship is designed to contribute to SRCD’s ongoing policy work, while at the same time, meet the learning interests of the intern.

Applications are due by 5:00PM Eastern, July 22. Internships will begin September 1. For more information on the internship experience and application process, please see the [internship announcement](#).
