[Pride Month](#) is observed annually in June to honor the anniversary of the 1969 Stonewall Uprising in Manhattan and to recognize the impact that lesbian, gay, bisexual and transgender individuals have had on history locally, nationally, and internationally. SRCD is pleased to join in by paying tribute to prominent members of the SRCD [Sexual Orientation and Gender Identity/Expression \(SOGIE\) Caucus](#) who are

continuing to promote inclusion, support, and advance the development of research and well-being of LGBTQI+ members across the world.

We invite you to read the spotlights linked below and learn more about these prominent members of the SRCD SOGIE Caucus, recognize the impact they have had in the developmental science community, as well as the impact they have had within the LGBTQI+ community and beyond.
