Science-Based Innovation Training Opportunity – Harvard Center on the Developing Child

Posted on behalf of the [Center on the Developing Child at Harvard University](#)

Date: Monday, November 18, 2019

Time: 9:00 am - 5:00 pm ET

Location: Cambridge, Massachusetts, USA

Want to discover how to apply the science of early childhood development to programs for children and families in a new way that results in powerful change? **Join Harvard University's Center on the Developing Child for their next one-day training on November 18th in Cambridge, MA!** You'll receive an introduction to the **IDEAS Impact Framework™**, our approach to innovative program development and evaluation, and learn:

- How to develop a precise **theory of change**
- How to create **materials** that will ensure effective implementation of your program
- How to **evaluate** your program for continuous learning

This is also a great opportunity to meet Center staff and [Frontiers of Innovation](#) leaders, and to connect with others who are passionate about supporting the healthy development of all children.

Questions? Please contact Jessica Nelson at developingchild_foi@harvard.edu.
